The workshop series is meant to bring together women and men, located in Vienna and nearby, with the aim of connecting ourselves with our inner wisdom and power, for creating a peaceful, positive, healthy, wealthy environment for our own future and our children's.

Many of us are well trained and informed. Theories and knowledge are at our reach.

What we want to do differently is to practice together empowerment exercises: 3 brain inquiry, consciousness expansion, guided meditation, laughter-yoga, EFT, energy dance, etc. which will enable every person to increase her/his inner peaceful strength and clear balanced vision through group power and vice versa. Finally, we create a ripple effect in our families and communities.

Join us at the launching event for a taste of the powerful methods which we will practice during the series of workshops throughout the year.

Mit dieser Workshop-Serie möchten wir Frauen und Männer in Wien und Umgebung zusammenbringen, mit dem Ziel uns mit unserer inneren Weisheit und Kraft zu verbinden, um einen friedvollen, positiven, gesunden und wertvollen Lebensraum für unsere Zukunft und die Zukunft unserer Kinder zu schaffen.

Viele von uns haben Erfahrung und sind gut ausgebildet. Theorien und Anwendungen sind uns bekannt.

Was wir in der Workshop-Serie vertiefend anbieten, ist die Anwendung und Übung vieler Ermächtigungs-Methoden zusammen in der Gruppe: 3-Gehirne-Befragung, Bewusstseinsweiterung, geführte Meditation, Lach-Yoga, EFT, Energietanz, usw., welche jedem einzelnen Teilnehmenden ermöglicht die eigene innere friedvolle Kraft und eine klare ausgewogene Vision zu verstärken, durch die Gruppe und die Gruppe durch jeden einzelnen Teilnehmenden. Schließlich initiieren wir damit auch positive Auswirkungen in unseren Familien und in unserem Umfeld.

Komm zur Eröffnung, um einen ersten Eindruck vieler starker Methoden zu erhalten, die wir während der kommenden Workshops anwenden und erleben werden.

Im Workshop angewandte Sprache: English und Deutsch
